Patron's Note

Reflecting back on the growth of Al Mustafa Trust, I feel elevated as way back in 1998 a handful of gentlemen decided to establish such an organization in the field of primary health facility for the poor and needy people. This body has now grown into a strong and valuable health care organization. Establishment of forty medical centres, dispensaries and mobile units taking care of primary health of around 1 million people all over the country is certainly a big achievement.

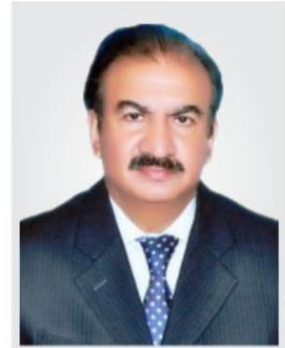

The Trust's management has consistently adopted innovative ideas to help beneficiaries receive best possible health care at were doorsteps by arranging free medical camps in different localities and communities and by establishing dispensaries and mobile units. During the current year around 170,000 beneficiaries wee treated in dispensaries and mobile units alone.

Al Mustafa Trust is now a very sound organization, providing health care projects and following a focused growth strategy. As a demonstration of its commitment to pursue its goals, it has now moved to southern Punjab and Balochistan. With ongoing support of our donors and trustees, the Trust is ready to face the challenges beyond, 2019.

May Allah always be its guide and protector.

Lt Gen Ghulam Muhammad Malik (Retd)

Patron Al Mustafa Trust

Message of the Chairman

It is over two decades that Al Mustafa Trust has been treading the path to serve humanity by providing free primary health care facilities to the poor and needy. We have worked hard to ensure that our beneficiaries get the best of primary health care, (specialists advice where possible) and remain fully satisfied with the treatment that they get by the doctors, paramedics and the staff. We are aware of our dependence on continuous increase in donations as the price hike in medicines and medical equipment has serious impact on our functioning, negatively affecting our service to beneficiaries, as well as our long term development plans.

This year's report highlights the ever expanding healthcare base of the Trust with enhanced number of beneficiaries. The year 2019 stands out as we now have our foot prints in southern Punjab by establishing a medical centre in Makhdoom Rashid, Multan and a breakthrough has been made in the province of Balochistan by starting construction of a dispensary in Hub. We have implemented some successful projects like physiotherapy in some of our medical centres and continuous health awareness programmes to include Cleanliness, Mother and Child Care, Epidemic Prevention, Nutrition and Immunization in all our centres.

Increase in number of beneficiaries to around one million in the year 2019 and ever increasing number of projects are indicative of our successful odyssey to serve humanity and the trust reposed by valued donors. Hopefully this report will convey the selfless dedication to serve the community and the needy/destitutes. I pray to Almighty to grant us the resolve, perseverance and determination to continue with our mission with unabated selfless devotion.

Lt Gen Muhammad Mustafa Khan (Retd)
Chairman Al Mustafa Trust

THE PERSPECTIVE

Founded by Lt Gen Ghulam Muhammad Malik (Retd) Al Mustafa Trust made a humble start on 5th Sep 1998. The present state of those treated during 2019 stands around 942,605. From 2015 to 2019 there has been an increase of beneficiaries by 346.60 %.
